

TOYS

From the Past

- Toys are objects that we play with.
- Toys can be anything from simple pieces of wood and string to modern computers and consoles.
- Civilisations from all points in time, all the way back in history produced and played with different types of toys.
- Toys have developed and changed a lot over time, as new materials have been used and new technologies have become available.
- Many toys for example dolls have been around for hundreds of years, but the way they look and have been made have changed lots over time.

Top toy facts

Before electric toys were invented, many toys had hinges, wheels and levers so they could move.

The word toy comes from the Old English word meaning 'tool'.

You can often tell when a toy is from by the material it is made from. For example, a plastic toy is more likely to be a modern-day toy, and a wooden toy is more likely to be an older toy.

Toys changes a lot of TV was invented. A lot of o toys were based on TV programmes that children watch. This still happens today!
