## Progression of Skills: Early Years

### **EYFS- Development Matters**

#### **Physical Development: Early Learning Goals (ELG)**

Moving and Handling: Children show good control and co-ordination in large and small movements. They move confidently in a range of ways, safely negotiating space. They handle equipment and tools effectively, including pencils for writing.

Health and Self Care: Children show good control and co-ordination in large and small movements. They move confidently in a range of ways, safely negotiating space.

#### **Expressive arts and design: Early Learning Goal (ELG)**

Being imaginative: Children use what they have learnt about media and materials in original ways, thinking about uses and purposes. They represent their own ideas, thoughts and feelings through design and technology, art, music, dance, role play and stories.

Exploring and using media and materials: Children sing songs, make music and dance, and experiment with ways of changing them.

As well as the area specific skills listed below, throughout all areas of PE and provision Reception children will be learning how to improve their physical literacy:

- To move their feet in a variety of ways including jumping, skipping, running and walking
- To move large body parts in a variety of ways including slithering, rolling and shuffling
- To ump off an object and land appropriacy and safely
- To negotiate space successfully in running and chasing games
- To adjust speed and change direction to avoid obstacles in playing space
- To travel with confidence around, under, over and through equipment and apparatus
- To demonstrate a range of control over an object such as a ball e.g. rolling, catching, patting and pushing
- To show a preference for a dominant hand when manipulating objects
- To follow simple instructions and copy a variety of defined shapes and actions
- To make their body tense, relaxed, stretched and curled

Pupils should develop fundamental movement skills, become increasingly competent and confident and access a broad range of opportunities to extend their agility, balance and coordination, individually and with others. They should be able to engage in competitive (both against self and against others) and co-operative physical activities, in a range of increasingly challenging situations.

Pupils should be taught to:

- master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities
- participate in team games, developing simple tactics for attacking and defending perform dances using simple movement patterns.

### **Progression of Skills: Key Stage 2**

#### **National Curriculum: Key stage 2:**

Pupils should continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. They should enjoy communicating, collaborating and competing with each other. They should develop an understanding of how to improve in different physical activities and sports and learn how to evaluate and recognise their own success.

Pupils should be taught to:

- use running, jumping, throwing and catching in isolation and in combination
